RE: MB Docket 10-56

Dear Chairman and Commissioners:

As Comcast enters the formal federal regulatory approval process for its proposed merger with NBC Universal, I write in support of Comcast as an upstanding corporate citizen.

Comcast has been a good community partner to Greater Pittsburgh Community Food Bank for many years, and to many other organizations in this region. Comcast sponsors events vital to spreading the message of the Food Bank, like the Pittsburgh Blues Festival and the Empty Bowls Dinner, by giving us visibility on the Comcast Local Edition program which airs on CNN Headline News. Comcast further supported our efforts with a three-year Foundation cash grant for our children's nutrition programming.

I am also aware of the community spirit Comcast employees show here in Pittsburgh. For the last three years, the Urban League of Greater Pittsburgh has been the beneficiary of Comcast Cares Day, a single day of volunteering during which hundreds of employees, friends and family take on local projects important to the community, including a cleaning and planting day at the Urban League Charter School in East Liberty, and for two years running beautified the Northview Heights Community Center. In short, Comcast has demonstrated a sincere commitment to give back to the community.

I hope you share my view that this transaction between Comcast and NBC Universal would be beneficial to us as consumers and as people interested in making their communities better places in which to live and work.

Sincerely,

Joyce Rothermel, Chief Executive Officer

Member of Feeding America™ – the Nation's Food Bank Network
